Everyone, this has gone too far!
I used to enjoy listening to you all.
I am done with all the CC, due to all the negativity you all spew at each other. ...

All that has to be done is to refute what is being said. The problem is people keep talking in circles. If it is I said what I said, then say what you say.

It really is. This is becoming dark and there's no consideration for those who also can't have kids. Just because others are doing it, doesn't mean the same needs to occur over here. This is very disappointing
